## Portion of West Desert Trails Temporarily Closed Due to Bees in the Area

Attention West Desert Trail System Users,

For your safety, a portion of the trail is temporarily closed due to an active bee presence in the area. This closure is in place to prevent any potential disturbances and ensure a secure environment for all trail users. Please see the map below for the location of the closure. If you are hiking near the area, please exercise caution.

### Closure Details:

**Partial Closure Location:** See map

**Duration:** February 26, 2024 until further notice

**Reason:** Active bees in area
